SUMMARY

Detail-oriented and motivated web developer with expertise in Java, JavaScript, and web frameworks. Skilled in designing user-friendly interfaces, building dynamic applications, and integrating third-party APIs. Adept at problem-solving and creating scalable solutions. Seeking to leverage technical skills, and customer-focused mindset in a web development role.

LANGUAGES | FRAMEWORKS | TOOLS

Java, JavaScript, Swift | React, Spring Boot, Bootstrap | MySQL Workbench

EXPERIENCE

Recipe Dash — LaunchCode Capstone Project
- Doordash-style app connecting home chefs with customers for food orders.
- Developed customer and chef account management interfaces for seamless interactions.
- Designed a user-friendly feature that allows customers to filter dishes based on available ingredients.
- Built reordering functionality, allowing customers to easily reorder previous meals with a single click.
- Full Project Tech Stack: React, Java, Spring Boot, JavaScript, MySQL, Stripe API, and Bootstrap.

MTGTraders — Independent Swift iOS Project
- Developed an iOS app that integrates with a Magic: The Gathering API to pull and display card information and values in real time.
- Implemented features to display card details and pricing, making it easier for users to track the value of their collections.
- Full Project Tech Stack: Swift.

Customer Service Representative — Hussmann Corporation
August 2022 - Present
- Communicated with an average of 50 customers per day, providing technical support for refrigeration unit parts orders.
- Utilized Excel and Power BI to track and analyze orders, optimizing customer response time and service.
- Collaborated with cross-functional teams to ensure customer orders were fulfilled accurately and in a timely manner.
- Researched product specifications to troubleshoot customer issues and provide appropriate solutions.

Meat Clerk — Schnucks Markets, Inc.
October 2018 - August 2022
- Managed inventory, ensuring product availability and quality.
- Streamlined ordering and receiving processes to meet demand, and handled customer orders and special requests.
- Provided excellent customer service by assisting with product selection, offering cooking advice, and ensuring customer satisfaction with meat products.

EDUCATION

LaunchCode, Web Development, 2025
University of Missouri - St. Louis, Bachelor's Degree, Computer Science, 2022
